

Woman

Zak Abel

Oh, woman

Street by street
You're leading me back home
Piece by piece
You're fixing what I broke

And I wonder if I'll ever
Be the same as I was before
Kiss by kiss you're bringing back my hope

Oh, woman (Woman)
I never knew myself till I found you
Woah, oh, woman (Woman)
I never knew what love was, now I do
Woah, you're why I, why I'm still alive, still alive
Just so you know
Oh, woman (Woman)
I never knew myself till I found you
Woah, oh, woman

Mm, sweet surrender
Right there in your arms
I rode that storm
And now I feel that calm

And I'm never (And I'm never) gonna make up (Gonna make up)
For the time that's (For the time that's) been and gone (Been and gone)
But piece by piece
You're leading me back home

Oh, woman (Woman)
I never knew myself till I found you
Woah, oh, woman (Woman)
I never knew what love was, now I do
Woah, you're why I, why I'm still alive, still alive
Just so you know
Oh, woman (Woman)
I never knew myself till I found you
Woah

I would be nothing
Without a woman
I would be nothing
Oh, no, no, no, no, no
Without a woman

Oh, woman
I never knew myself till I found you (Never)
Woah, oh, woman (Woman)
I never knew what love was, now I do (Now I do)
Woah, you're why I (You are why), why I'm still alive, still alive
Just so you know
Oh, woman (Ooh)
I never knew myself till I found you
Woah, oh, woman
