

# Avenger of the Fallen

Zandelle

Deadly and silent  
They will not sense me near  
Quickly I will set upon them  
They will have no chance  
Their final moments  
Will be filled with dreadful fear

I'm the chosen one  
Who's sent forth to avenge

Never yield  
Carry on  
Until my focs are all gone  
Hunt them all  
They will fall  
I will avenge the fallen ones

They hide in darkness  
Their lives besieged by dread  
Soon I will have them in my sights  
They hurt so many  
Despite their innocence  
And now they'll  
face unforgiving might

I'm the chosen one  
Who's sent forth to avenge

Never yield  
Carry on  
Until my focs are all gone  
Hunt them all  
They will fall  
I will avenge the fallen ones

Now I'm  
Closing in our my targets  
They'll soon pay  
Time draws  
Near and soon they will all face their  
Judgement day

In my sights I have got them  
This is for those who fell  
Savagely with no mercy  
I begin to unleash hell
