Zao

With open arms I'll be held down by the Spirit of God. I refuse
to turn
away. By the world and its lies. Everlasting words like water t
hat fllows
through my heart. As the wisdom runs deep within. Forseen throu
h my savior.
The completion has been done. With wisdom and truth inside. No
reflections
from the past will come, and there will be no misconception. Th
at would turn
my faith away when You are not with me. I will lift up my spiri
t to be with
you. Life the endless maze will not be so narrow. Soon time wil
l not have to
wait. For soon I will go against what awaits me....
