I'm hanging with the family of Zapp tonight  
Now, everyone knows that you have not partied  
Until you've been to a Zapp party  
Here's what you don't know, and that is...  
About the Zapp after party with DJ Battlecat and Kurupt!

Welcome to the after party  
It's a party going on tonight, and you're invited  
If you ain't trying to go home  
Let's dance until the morning comes, till we see the sun  
This is the after party

Let me see you step (step, step)  
Let me see you step (let me see you step)  
Let me see you step (get steppin' on)  
Let me see you step (one-two, one-two)  
Let me see you step  
Let me see you step (ey, ey)  
Let me see you step (get to steppin', baby)  
Let me see you step

Put your hands in the air from side to side  
Lowrider fresh on the road tonight  
Take a hit of the funk, and be gone for days  
Come back on a scene in a major way

Welcome to the after party  
Now that we got it started, this is the after party  
Now that we got it started, this is the after party  
Now that we got it started, this is the after party  
Now that we got it started, after party

Yeah - walk in, talking, all the ladies like  
"What you doing after this? What you wanna do tonight?"  
See, we gonna leave the club, to get it cracking more  
'64 Chevys pull up at the door  
Watts, Inglewood, Carson, Compton, LA, Long Beach  
After party poppin' (poppin')  
Me and BC, and all the folks in route-in  
Banging Roger Troutman, like stop my head  
Let it pop my head, gonna pop my head  
This is on drums, this is on bank, just doing my thang  
Walked in like "hey, show me some love" (love, love)  
From the front to the back, everybody up and down  
From the front to the back, like switches  
And the party's still going  
And we ain't leaving till 6 in the morning

Put your hands in the air from side to side  
Lowrider fresh on the road tonight  
Take a hit of the funk, and be gone for days  
Come back on a scene in a major way
