

# Be With You Forever

Zapp

Yeah, I need to be with you  
Only you... listen, baby

I looked inside your heart and saw the woman I would marry  
Oh yeah, oh yeah  
Because your heart told me, that I would never be alone  
Alone, never be alone  
The feeling that I get from you, whenever we're together, baby  
You know it gives me all the strength I need to carry on  
Alright, girl

I had to come to see you today, yes I did  
'Cause I got something I need to say, and that is...

I want to be with you forever  
I want to be with you for the rest of my life  
So we can share our life together  
So we can share our lives together, baby  
I want to be with you forever  
I want to be with you for the rest of my life  
So we can share our life together  
Together, together, listen to me now

I looked into your eyes and saw the woman I would marry  
Ah yeah, ah yeah  
Because your eyes told me, that I would always be the one  
The one, always be the one  
It's hard to understand the love I feel when I am with you, baby  
Your love just keeps on shinin' on me, like it was the sun  
Alright now

I thought that I would drop by today, yes I did  
'Cause there is something I need to say, and that is...

I want to be with you forever  
I want to be with you for the rest of my life  
So we can share our life together (alright)  
I want to spend my life with you, sugar  
I want to be with you forever (ooh)  
Why don't you listen to me, baby?  
So we can share our life together (alright)  
Listen to me, honey

I just came by to see you today, yes I did, girl  
'Cause I got something I need to say, and that is...

(Oh yeah) I want to be with you forever  
I want to be with you for the rest of my life  
So we can share our life together  
I want to spend my life with you, sugar  
I want to be with you forever  
Don't you wanna spend your life with me?  
So we can share our life together...
