

Rock N Roll

Zapp

Roll!

Music is a universal language, everybody listen to me
Me and my band got a story to tell, a tale we tell well
Everybody, pay attention to me
The doctors, the lawyers and the Indian kids
Black men, white men, stomp your feet, come on!

Na, na, na, na, rock!
Rock n roll, rock n roll
Let the whole world roll!
Sha, na, na, na, rock!
Rock n roll, rock n roll
Let the whole world roll!
Come on, rock n roll!

Everybody knows the trouble we face
We talk about bad enough
I got a message for the whole human race
I can't say it loud enough
The rich, poor, young and the old
Free your mind and your feet will follow

(Dance to the rock n roll) dance to the rock n roll
(Dance to the rock n roll...) dance to the rock n roll...

Na, na, na, na, rock!
We will, we will, we will rock you
Let the whole world roll! (ah-woo, baby)
Sha, na, na, na, rock!
Let me take you higher and higher, higher!
Let the whole world roll! (roll, roll, roll)

Listen to the sound of the guitar
Feel it deep inside your soul...
Check out that drummer thumpin'
Ohh, that's rock n roll!

Sha, na, na, na, rock!
We will, we will, we will rock you
Let the whole world roll!
"Long Tall Sally", "Good Golly, Miss Molly" too
Sha, na, na, na, rock!
"Dad's Got a Brand New Bag", hey!
Let the whole world roll! (roll, roll, roll)
Na, na, na, na, rock!
Let the whole world roll!
Na, na, na, na, rock! (everybody...)
Let the whole world roll...!
