

Crush

Zara Larsson

Talking to you
Gives me butterflies
Wanna text you all the time
I can't help that I feel like this
Talking to you
Staying up all night
Yeah, he knows something ain't right
But it's innocent till we kiss

In the grey zone of morality
Feeling dangerous when you're calling me
Something 'bout the secrecy of us
Then it hits me like reality
I can't lose him to a fantasy
It ain't heartbreak, but it still hurts enough

Oh, baby, I'm crushed
(Crush)
It will never be us
That's why they call it a crush
(Crush)
It will never be love
(Crush)

It's been a while
Since I hit you back
Me and him, we had had a chat
And I think it's best I don't reply
'Cause it has been a while
But I can't let you go
And I should have let you know
But I'm typing it right now

Got me wonderin' if it's destiny
Or am I just being messy
All I know is I'm loving the rush
Then it hits me like reality
I can't lose him to a fantasy
It ain't heartbreak, but it still hurts enough

Oh, baby, I'm crushed
(Crush)
It will never be us
That's why they call it a crush
(Crush)
It will never be love
(Crush)

What's the need for destruction?
This might get ugly
You will ruin my life
Tell me
Why do I crave your attention
I got someone at home who treats me right

It's only just a
(Just a crush)

Crush
(Just a crush)
Crush
(Just a crush)
Crush
(Just a)
Crush, crush, crush
(Just a crush)
Crush
(Just a crush)
Crush

Oh, baby, I'm crushed
(Crush)
It will never be us
That's why they call it a crush
Just a crush (Crush)
It will never be love
Be love, no, no, no
No, no, no, no, no

Oh, baby, I'm crushed
That's why they call it a crush
It will never be love
(Crush)
