So you're back around
Talkin' 'bout I change your heart again
But boy the curtain's down
Be damned if I might play that part again

Yeah I've seen it all before Spare me this encore It's quiet on set The lights have gone dead

When all is said and done And this story is the one Ain't loving you back tonight

I won't fast-forward, replay or rewind R-r-replay or rewind over you
I won't fast-forward, replay or rewind
I ain't wasting more time over you
This ain't a scene, this ain't an act
This ain't a movie, boy it's a wrap
Baby, won't fast-forward, replay or rewind
I ain't wasting more time over you

But for heaven sakes
I done been through hell and back with you
No more second takes
There's only so much drama, boy I can't go through

See I'm on another play, My life is not your stage I finally moved on So picture me gone

I used to be your star
The Venus to your Mars
But I don't see that tonight

I won't fast-forward, replay or rewind R-r-replay or rewind over you
I won't fast-forward, replay or rewind
I ain't wasting more time over you
This ain't a scene, this ain't an act
This ain't a movie, boy it's wrap
Baby, won't fast-forward, replay or rewind
I ain't wasting more time over you

Movie in set for with this one-man show [?] Find someone else for a cameo
'Cause I found a new leading man oh
And I feel so alive, I feel so alive

I won't fast-forward, replay or rewind R-r-replay or rewind over you
I won't fast-forward, replay or rewind
I ain't wasting more time over you
This ain't a scene, this ain't an act
This ain't a movie, boy it's a wrap

Baby, won't fast-forward, replay or rewind I ain't wasting more time over you
