

# The Ambition

Zara Larsson

Live the American dream with billboards picturing me  
My name on Hollywood Boulevard (Want it so much)  
LA state of mind, I'm never satisfied 'cause I want number one  
Doesn't everyone? (Want it so much, much)

So, I was up late the other night  
Comparing myself to others' lives  
Scrolling up and down my phone  
What does she have that I don't?  
My dreams so big, they're supersized  
I chase them like I chase the light  
I could live a simple life

But that's the thing with the ambition (Want it so much)  
Everything's a competition (So out of touch)  
Yeah, it got me a lot, but that's not good enough  
I wanna be lo-lo-loved  
I live and learn the hard way (Want it so much)  
Yeah, it's a chronic heartbreak (So out of touch)  
No, it never stops, I wanna be your star  
I wanna be lo-lo-loved

Lo-loved  
Loved  
Lo-o-oved

Raise on validation  
Consumed by aspiration  
Numbers meaning more than words  
But what's it worth? (Can't help how I feel, it's human nature)

Millions of people listening  
Soul-driven, couldn't live in it  
Didn't appreciate it then  
Wish I could go back again  
My dreams so big, they're supersized  
I chase them like I chase the light  
I could live a simple life

But that's the thing with the ambition (Want it so much)  
Everything's a competition (So out of touch)  
Yeah, it got me a lot, but that's not good enough  
I wanna be lo-lo-loved  
I live and learn the hard way (Want it so much)  
Yeah, it's a chronic heartbreak (So out of touch)  
No, it never stops, I wanna be your star  
I wanna be lo-lo-loved

See, I've been doing this long enough to be scarred from what I've learned before (Ooh-ooh)  
But that doesn't mean I wanna stop wanting more and more  
I try to push it away, but at the end of the day  
It's the world to me  
I'll keep breaking my heart if I can be your star (Ooh-ooh)  
If I can be lo-lo-loved

That's the thing with the ambition (Want it so much)

Everything's a competition (So out of touch)  
Yeah, it got me a lot, but that's not good enough  
I wanna be lo-lo-loved (I wanna be loved)  
I live and learn the hard way (Want it so much)  
Yeah, it's a chronic heartbreak (So out of touch)  
No, it never stops, I wanna be your star  
I wanna be lo-lo-loved

Lo-loved  
Loved  
Lo-o-oved
