

Back At It

Zayde Wolf

Do you remember
Before all of this
When it was just a dream

Do you remember
When we were young
When we were young and free

We would go all night
Like we're renegades
Vodka lemonades
We all had it made
Never surrender
Because we will be kings
We will be kings and queens

Here we go again
Here we go again
Yeah yeah
Here we go again
Here we go again
Yeah yeah

Back at it
We're back at it
It's a new classic
We're back at it
Yeah yeah

Back at it
Make some new magic
It's automatic
We're back at it
Yeah yeah

Feels like forever
But I'm ready to jump
Ready to touch the sky

Down for whatever
Taking a chance
Betting that we can fly

Here we go again
Here we go again
Yeah yeah
Here we go again
Here we go again
Yeah yeah

Back at it
We're back at it
It's a new classic
We're back at it
Yeah yeah

Back at it

Make some new magic
It's automatic
We're back at it
Yeah yeah

Yeah yeah yeah
Right here
Right now
Back at it
Right now
Right here
Right now
Let's go
Right now
Right here
Right now
Back at it
Right now
Right here
Right now
Here we go
Here we go

Back at it
We're back at it
It's a new classic
We're back at it

Back at it
Make some new magic
It's automatic
We're back at it
Yeah yeah

Back at it
Back at it
Back at it
Yeah yeah

Back at it
We're back at it
It's a new classic
We're back at it
Yeah yeah

Back at it
Make some new magic
It's automatic
We're back at it
Yeah yeah

Here we go again
Here we go again
Yeah yeah
Here we go again
Here we go again
Yeah yeah

Here we go again
Here we go again
Yeah yeah
Here we go again
Here we go again

Yeah yeah

Here back at it
Yeah yeah
