Do me a favor  
Please could you look at me?  
This life is vapor  
We've got no guarantees  
I know it's strange but  
I'm stick of "carefully"  
Let's live for danger  
Let's bleed for destiny

Remember when I drove that '92 honda?  
I was broke  
It was cool  
Spent it all on ya  
We stayed up every night  
No sleep, still alive

We could be dynamite in tornadoes  
King and queen  
Run around, don't wear halos  
Let's get wild every night  
You and me still alive

Living on a dream  
Hanging on a prayer  
We got all we need  
Yeah we're gonna get there  
Live like we're billionaires  
Live like we're billionaires

We put our days in  
We've beat 10 thousand things  
Some say we've made it  
But I know our tragedy

But you know what pain is  
And I still fight with the grief  
But we stuck with love baby  
And it taught us both belief

Remember our first trip to california?  
We were young, we were dumb  
But we owned it  
We stayed up every night  
No sleep, still alive

Let's keep doing things we can't afford yet  
Win it all, spend it all, not control it  
Let's get wild every night  
You and me still alive

Living on a dream  
Hanging on a prayer  
We got all we need  
Yeah we're gonna get there  
Live like we're billionaires  
Live like we're billionaires

Oh we don't know  
We don't know  
Where we're going  
But we're going  
Oh we don't know  
We don't know  
Where we're going  
But we're going
