

Dangerous

Zayde Wolf

I'm pulling back the wires
That been holding me up like liars

Step out of my way now
Step out of my way now

I'm coming through the window
Been shaking off all these shadows

Step out of my way now
Step out of my way now

No we ain't like them
No no we ain't like them
Yeah, you're gonna catch us walking on the edge

We be living so
Dangerous
We be living so
Dangerous
I like how it makes me feel
I like how it makes me feel

So dangerous

Sweat running off they teeth now
Like dominoes we just tall down

Step out of my way now
Step out of my way now

I know the streets they've been walking
The language that they've been talking

Step out of my way now
Get out of my way now

No we ain't like them
No no we ain't like them
Yeah, you're gonna catch us walking on the edge

We be living so
Dangerous
We be living so
Dangerous
I like how it makes me feel
I like how it makes me feel

So dangerous

There is no ink on the page
But I've still got something to say
Mountains have crumbled today
But we ain't the fallout decay

No we ain't like them
No no we ain't like them

Yeah, you're gonna catch us walking on the edge

We be living so

Dangerous

We be living so

Dangerous

I like how it makes me feel

I like how it makes me feel

So dangerous
