

# Fangs

Zayde Wolf

It's a mad world  
But you already knew that  
Yeah I've been hurt  
And you know I walked through that

Bring your big nerves  
But stay wild if you do that  
If you're in my way you're gonna see

I got  
Fangs  
I got I got I got I got Fangs  
Tell me do you really wanna play  
I got I got I got I got  
If you wanna bleed  
I got what you need  
I got fangs

Whatever you said  
I got suspicion  
Ghosts in my head  
This apparition  
Lying in bed  
Checking my vision  
It's just intermission  
Just intermission

Don't get upset  
You're trapped in a prison  
I'll help you forget  
Change your position  
Over the edge  
Start the ignition  
I'm on a mission

I got I got Fangs  
I got I got I got I got Fangs  
Tell me do you really wanna play  
I got I got I got I got  
If you wanna bleed  
I got what you need  
I got fangs

I got I got fangs (fangs)  
I got fangs (fangs)  
I got I got fangs (fangs)

It's a mad world  
But you already knew that  
Yeah I've been hurt  
And you know I walked through that

Bring your big nerves  
But stay wild if you do that  
If you're in my way you're gonna see

I got

Fangs

I got I got I got I got Fangs

Tell me do you really wanna play

I got I got I got I got

If you wanna bleed

I got what you need

I got fangs

I got I got I got I got Fangs

Tell me do you really wanna play

I got I got I got I got

If you wanna bleed

I got what you need

I got fangs
