

# Jumping Into Danger

Zayde Wolf

Dark games  
Silhouettes and white fangs  
It's strange  
I've seen it in my dreamscapes

Sometimes it gets hard to breathe  
When I feel like I'm on a leash now now  
But I know I still believe  
I'll just keep on gritting my teeth

Survival of the fittest  
Made my name as a menace  
Broke the rules of the business  
From the bottom now I'm biggest  
Oh no I ain't even finished  
Oh no I ain't got no limits  
Oh no I ain't got no limits

Jumping into Danger  
Jumping into Danger yeah  
Never been afraid no  
Jumping into

These Flames  
Are hanging in my head space  
These Days  
I've broken all of those chains

Sometimes it gets hard to breathe  
When I feel like I'm on a leash now now  
But I know I still believe  
I'll just keep on gritting my teeth Woah

Survival of the fittest  
Made my name as a menace  
Broke the rules of the business  
From the bottom now I'm biggest  
Oh no I ain't even finished  
Oh no I ain't got no limits  
Oh no I ain't got no limits

Jumping into Danger  
Jumping into Danger yeah  
Never been afraid no  
Jumping into Danger  
Jumping into Danger yeah  
Never been afraid no

Sometimes it gets hard to breathe  
When I feel like I'm on a leash now now  
But I know I still believe  
I just keep on gritting my teeth

Jumping into Danger  
I'm jumping into danger now  
Jumping into Danger yeah Oh Yeah  
Never been afraid no

Jumping into Danger  
Won't you come with me  
Won't you come with me  
Jumping into Danger yeah  
I'm jumping into danger now  
Danger
