

Make You A Believer

Zayde Wolf

I'm still trying find
A bottle of lightening to make it mine
I'm still looking to find a way

But this hill I struggle to climb
Is telling the story of you and I
I'm still trying to find a way

Yeah I'm gonna make you a believer
Yeah I'm gonna make you a believer in me
Sometimes we get lost
Sometimes we get found
Sometimes we get turned upside down
I'm gonna make you a believer in me

Call me whenever you find
You're falling apart on the inside
Call me whenever you need the way

But this hill I struggle to climb
Is telling the story of you and I
And I know, we're gonna find a way

Yeah I'm gonna make you a believer
Yeah I'm gonna make you a believer in me
Sometimes we get lost
Sometimes we get found
Sometimes we get turned upside down
I'm gonna make you a believer in me

I know, it's been us against the world sometimes
I Know, it's been us against the world sometimes

It's been us against the world
It's been us against the world

Yeah I'm gonna make you a believer
Yeah I'm gonna make you a believer in me
Sometimes we get lost
Sometimes we get found
Sometimes we get turned upside down
I'm gonna make you a believer in me

I know, it's been us against the world sometimes
I Know, it's been us against the world sometimes
I'm gonna make you a believer
Gonna make you a believer
