

Miracles

Zayde Wolf

Strike the matches
The road is dark
Abandoned mansions
Frozen hearth

Are we castles
In the stars
Or are we phantoms
Torn apart

Once upon a time
I found you broken
But that story doesn't have to leave us hopeless

Do you believe in miracles
Do you believe
Do you believe in miracles

Raise the banner
The time is here
Grip your dagger
Shed the fear

Close the chapter
Hide your tears
Standing on the edge of the unknown

Do you believe in miracles
Do you believe
Do you believe in miracles
Do you believe
Do you believe in miracles
Do you believe

Once upon a time
I found you broken (Do you believe?)
But that story doesn't have to leave us hopeless

Do you believe in miracles? (Strike the matches, the road is dark)
Do you believe in miracles? (Building castles, in the stars)
Do you believe in miracles? (Tell me, do you believe?)
Do you believe in miracles?
Do you believe in miracles?
