

Pandemonium

Zayde Wolf

Somebody check on my vitals
Somebody tell me if my heart has stopped
Maybe I'm in denial
Paralyzed from the madness in the dark

Hello hello hello
Welcome to the freak show
Hello hello hello
Welcome to the freak show

We're living in pandemonium
We're living in pandemonium
It's about to get crazy, hey, crazy, hey
But that's the way we like it
Pandemonium
We're living in pandemonium

I'm living life in a fire
It's like a nightmare ringing in my ears
I know that I'm a survivor
A survivor
And I'm not gonna back down
I'm not gonna back down

Hello hello hello
Welcome to the freak show
Hello hello hello
Welcome to the freak show

We're living in pandemonium
We're living in pandemonium
It's about to get crazy, hey, crazy, hey
But that's the way we like it
Pandemonium
We're living in pandemonium

Hello hello hello
Welcome to the freak show
Hello hello hello
Welcome to the freak show

We're living in pandemonium
We're living in pandemonium
It's about to get crazy, hey, crazy, hey
But that's the way we like it
Pandemonium
We're living in pandemonium
