

# Rule The World

Zayde Wolf

No one ever told us  
Where the easy part begins  
The story that they sold us  
Keeps us hanging from the end

So we'll keep on starting the fires  
Thinking we'll smoke out the liars  
We don't give up when we're tired  
That isn't the way that I'm wired

Someday, someday  
We're gonna rule the world  
I know someday  
We're gonna rule the world  
Counting down to explosion  
I hear the moment approaching  
Someday, someday  
We're gonna rule the world

Waiting avalanches  
Are the calm before the fall  
Lightning when it flashes  
Tells the story of it all

So we'll keep on starting the fires  
Thinking we'll smoke out the liars  
We don't give up when we're tired  
That isn't the way that I'm wired

We own the future  
We own the future

Someday, someday  
We're gonna rule the world  
I know someday  
We're gonna rule the world  
Counting down to explosion  
I hear the moment approaching  
Someday, someday  
We're gonna rule the world

Our blood runs cold like we're at war  
Our eyes light up like a thunderstorm  
There are no locked doors anymore

We own the future  
We own the future

(We own the future)  
(We own the future)

Someday, someday  
We're gonna rule the world  
I know someday  
We're gonna rule the world  
Counting down to explosion  
I hear the moment approaching

Someday, someday  
We're gonna rule the world

We own the future  
Someday, someday, soon  
We own the future  
Someday  
We own the future  
Someday, someday, soon  
We own the future  
We're gonna rule the world
