Run This Town

Zayde Wolf

(Heeey-ey)
(Heeey-ey)
(Wuuuh)

I'm in my element
This is adrenaline
Mixed in my melanin
(Wuuuh)
Ladies and gentlemen
I am so genuine
I ain't embellishin'
(Wuuuh)
I got the medicin
I'm what you never been
I ain't just settelin'
(Wuuuh)
I want another win
I am the evidence
We could be better than this

You could try to lie
My city know the truth
(Wuuuh)
And you won't make it out
Unless you know the rules

Real recognizes real here (yeah)
Hot summer but it's chill here
Hope's living and it's still here
But they still heavy with the steel here (yeah)

(Heeey-ey)
We're gonna run this town!
(Heeey-ey)
Run this town!
You're looking at the new empire
We're gonna take it up higher
(Heeey-ey)
Run this town!

Yeah, another day another dollar
Block is getting hotter and you know it
(Wuuuh)
Only make it if you gotta lay up
Or you hustle on the corner
(Wuuuh)
It's a struggle but they willing even though feel the pressure on 'em
(Wuuuh)
They don't know just like a Ottis
Redding song you know the change is coming
(Wuuuh)

Pipe dreams like ice cream
They get the cake so they might be
On the top like icing
Try'na figure out the right thing

Spike Lee's on the block
We on the rise
This will not be tellevised
This one's for me
You and I
We won't believe in the light

(Heeey-ey)
We're gonna run this town!
(Heeey-ey)
Run this town!
You're looking at the new empire
We're gonna take it up higher
(Heeey-ey)
Run this town!

I don't want to confront you
But I got to disrupt you
This is our house, we got you
Right where we want you
(Wuuuh)
Thunderbolt, struck you
Samurai, we cut through
This is our house, we got you
Right where we want you, yeah

(Heeey-ey)
We're gonna run this town!
(Heeey-ey)
We're gonna run this town!
(Heeey-ey)
We're gonna run this town!
(Heeey-ey)
Run this town!
You're looking at the new empire
We're gonna take it up higher
You're looking at the new empire
We're gonna take it up higher
(Heeey-ey)
We're gonna take it up higher
(Heeey-ey)
