

The Warrior

Zayde Wolf

In the shadows
I'm fighting battles
In the darkest night
But I remember
There's an ember
I see the flame ignite

Maybe I've been touched by gods
Or maybe I just could not stop
But I'm always gonna beat the odds
With the little I've got
The little I've got

I'm gonna
Break these chains
Watch me rise
Can't be tamed
Got fight inside
I am the warrior
I am the warrior
Born in flames
Touched the sky
Say my name
Look in my eyes
I am the warrior
I am
The warrior
Warrior
The Warrior

I am the hammer
I am the answer
I keep my weapons sharp
Fame and glamour
They don't matter
If you don't have heart

Maybe I've been touched by gods
Or maybe I just worked till I drop
Don't ever tell me the odds
Don't tell me
Just watch me

I'm gonna
Break these chains
Watch me rise
Can't be tamed
Got fight inside
I am the warrior
I am the warrior
Born in flames
Touched the sky
Say my name
Look in my eyes
I am the warrior
I am
The warrior

Warrior
The warrior

Break these chains
Watch me rise
Can't be tamed
Got fight inside
I am the warrior
I am the warrior
Born in flames
Touched the sky
Say my name
Look in my eyes
I am the warrior
I am
The warrior
