I Don't Mind

Zayn

I don't mind fallin'
If it means I get to fly again
I put my all in
Like a dream I'm tryna fight against
I don't mind mischief
We're just dancin' in the dark again
The light blows
Don't wanna spend time on the issue
We'll never grow old when I'm with you

When I'm with
When I'm with
When I'm with
When I'm with you
The sun never comes up
When I'm with
When I'm with
When I'm with
When I'm with you
It's lit, you can put it out
I can find you when you're lost
Girl you'll never see me runnin', nah
Fuck anybody else, it's only you, ooh

But you know I
Got your back, I'm on your side
I don't mind, you can tell me your lies
I don't mind, you can tell me all night
When I'm with you, ooh

And you know I
Know you're playin' with my mind
I don't mind, you can tell me your lies
I don't mind, you can tell me all night
When I'm with you
No I don't mind

I don't mind waitin'
If you need some time to love again
I don't want nothin'
Just a little somethin' for the pain
I don't mind wishin'
We're just dancin' in the dark again
The light blows
Don't wanna spend time on the issue
We'll never grow old when I'm with you

When I'm with
When I'm with
When I'm with
When I'm with you
The sun never comes up
When I'm with
When I'm with
When I'm with
When I'm with you
It's lit, you can put it out

I can find you when you're lost
Girl you'll never see me runnin', nah
Fuck anybody else, it's only you, ooh

But you know I
Got your back, I'm on your side
I don't mind, you can tell me your lies
I don't mind, you can tell me all night
When I'm with you, ooh

And you know I
Know you're playin' with my mind
I don't mind, you can tell me your lies
I don't mind, you can tell me all night
When I'm with you
No I don't mind

I really don't mind if it's love
Been waitin' for a sign, and I know, know know
I really don't mind if it's love, oh
Girl, you know

But you know I
Got your back, I'm on your side
I don't mind, you can tell me your lies
I don't mind, you can tell me all night
When I'm with you, ooh

And you know I
Know you're playin' with my mind
I don't mind, you can tell me your lies
I don't mind, you can tell me all night
When I'm with you
No I don't mind
