

## Stand Still

Zayn

Skies of blue and birds of yellow  
Flowers growing just to bloom  
A million chances of our glances  
Catching eyes across the room

If time stands still  
Move, I will to you  
This world's filled  
Somehow I see you  
Move, I will to you

Break apart above your face now  
And yet your beauty would still shine  
I would live a thousand lifetimes  
If it's you I'm sent to find

If time stands still  
Move, I will to you  
This world's filled  
Somehow I see you  
Move, I will to you

Move, I don't want it babe, left the ranks  
Of targets stuck, nothing can stop us  
Move, I don't want it babe, left the ranks  
Of targets stuck, nothing can stop us

If time stands still  
Move, I will to you  
This world's filled  
Somehow I see you

If time stands still  
Move, I will to you  
This world's filled  
Somehow I see you  
Move, I will to you

(Somehow I see you, you)
