Only you know me
The way you know me
Only you forgive me
When I'm sorry

Need you when I'm broken When I'm fixed
Need you when I'm well
And when I'm sick
Friends that I rely on
Don't come through
They run like the river
But not you

Can't see when I'm falling
Losing myself
But then I hear you calling

There you are
There you are
You're there with open arms
There you are
There you are
And I run

Whispers in the background Behind closed doors I got myself in a mess and Without you I'm in more Oh, I'm a little drunk now That's why I went to war Oh yeah, you are my sober When I'm on the floor

Can't see when I'm falling
Losing myself
But then I hear you calling

There you are
There you are
You're there with open arms
There you are
There you are
And I run

Only you know me the way you know me Only you forgive me when I'm sorry Even when I messed it up There you are

Need you when I'm hot And when I'm cold Need you when I'm young When I'm old You won't be far

There you are

There you are
You're there with open arms
There you are
There you are
And I run

Only you know me the way you know me Only you forgive me when I'm sorry Even when I messed it up There you are

(Need you when I'm, need you when I'm) (Need you when I'm, need you when I'm)

When you're caught in the crowds When you're up in the clouds When you're caught in the crowds When you're up in the clouds There you are
