

Favorite Trapper

Zaytoven

Comin' in cruisin' with Big Zay
I mean Zaytiggy (Zay)
Shawty I love my city
Tehya no cap, no kizzy
Had to go pray a little harder
Even though the devil ain't been too busy
Really, I'm like, where is he?
Tried to go spin, got dizzy
It's a whole new world outside
I put that on Walt Disney
It's a whole lotta hate outside
Everybody quick to envy
If you gon' try to slide
Remember that tomb is empty
Yeah, I'ma lean on God
Rest in peace to Pimp C

Trap back, jumpin', hallelujah
I can make your favorite trapper praise, hallelujah
And I be like, Lord, they ain't even tryna sell these drugs
When I pull up preachin'
I'm a have church with all my thugs
Uh-huh, trap back jumpin', hallelujah
They don't even shout amen, they be like uh huh
Every time I start prayin', they be like uh huh
Yeah, see what I'm sayin', we be like uh huh

God first, see what I'm sayin'
Dro in church, see what I'm sayin'
Hard work, see what I'm sayin'
I'ma get up there and praise, I'ma clap my hands
Tell the Lord I'm a real big fan
Huh, He really got me out that jam
Gave me grace and held my hand
Then gave me a break
When I bought that land
Feel so good, I'ma call my boys
Huh, I'ma make a joyful noise (amen)
Huh, put my faith on 10
Repent my sins, I ain't got no choice
Speak His name, I speak the truth
Huh, I'ma say hallelujah
Huh, God really good, I'm proof
You can ask my patna dem, 1K Phew
Yeah, Dro

Devil say he want some smoke, huh
I don't really think he want none
Shawty went lo, she dun dun
I'm countin' up blessings and the munyun
Gotta feed the whole hood, he chose it
Two fish, five loaves, we loaded
2 step like uno, dos
Got it on like, Polo Dro
Baptized my wrist, that water cold
All this ice, that water froze
Chilled my body but not my soul
Only playin' with the keys like Zay do
If it ain't Jesus, it's Jesus
Either way it go, we praise You
Okay, let's go
