I count up the strips
This shit makin' her wet
She play with herself while I play with the check
Sexy lil bitch we gon' fuck in the trap
One hand on her waist and one hand on the strap
Serve on the daily, know that they hangin'
Jackers is lurkin', know that they waitin'
Went a little too crafty, she got it raw
I'm slappin' them ass cheeks
Come out them clothes like just took off a G-string
Bitch so bad, she motivate a nigga
Bitch so bad, gotta go make a 50
Put it at a shot, baby girl, show me them titties
This shrooms just kick, damn, I feel it
Strain so strong, gotta vacuum seal it
Hoodrat, bitch, get wet from my lyrics
Lifestyle TMZ, nigga, tune in
Only custom builds, no regular gens
Only G-Wags, no regular Benz
Only know plugs, no regular friends
Make shit happen, third world trappin'
Cut your boy a head, even though I tapped
Double C shootin', my lady all colors
White, yellow Rolls, got Cubans all colors
Light brown dark, got bitches all colors
Black tank, red got blicks all colors

Girl, you got me goin' harder
Girl, you got me goin' harder
Girl, you got me goin' harder
Girl, you got me goin' harder
Girl, you got me goin' harder
Girl, you got me goin' harder
Girl, you got me goin' harder
Got a nigga goin' harder
Harder, harder
