

INTUITIVE

Zaytoven

Yeah, when you say that shit drop? Next week?
Listen, I want that real flavor, I don't want none of that bullshit, man
Real major flavor, man
Zaytoven!
Trauma Tone

Infused Weed come in next week
Hallucinogens, bending on a shroom, I'm geeked
Maneuvering, pounds in a motorcade fleet
Two of them, leaving out twins, they freaks
Intuitive, I can tell a lil' nigga weak
Proven it, action, I don't care about speech
Approximate, thumb through the racks ten times
Massaging her, stop asking, tell her she fine
Considerate, I'ma bring the P's to your state
Belligerent, 'round me, nigga ain't safe
Gorgeous, damn, lil' mama impressive
Mormon, me and ten hoes eat breakfast
Honesty, I'll tell a bitch I don't need 'em
Comedy, I'm tired of these clown ass people
Tamarac trappin' out a hood ass spot
Bendin' on a shroom with a hood ass thot

Obesity, damn my pockets too large
Secretly, snipe a nigga from a hundred yards
Eagerly, spend twenty, In Goyard
Easily, talk a bitch up out her garter
Let a nigga try, it's gon' be death
Snappin' on business, steppin' on necks
Four-hundred K, Los Alamos, well
Had to crawl back, so I barely had to slept
Pheromones, baby, I love your smell
Paranoid, trappin' out a cheap motel
Sneaky bitch, you gon' get your boyfriend killed
Creepy shit, these nigga not my ilk
Gunsmith, watchin' that blick get built
Hunting shit, get on my way or get drilled
Baddie, damn, lil' mama, you cute
Addy's, bags comin' in on them routes
Two-eight, five, jigglin' 'round that loop
Finna hit the east side in this coupe
Obsession, money poppin' up my brain
Connected, they gon' be to me on a plane
Loewe hoodie, Loewe shoes
Watermelon weed, I be burnin' on fruit
Latest season drip, everything be new
Clutchin' on the blackout in this booth
