Zaytoven

Yeah  
This shit massive, nigga, this shit enormous  
Nigga, this shit bigger than big, nigga  
Nigga, this shit huge

You know we do this shit massive  
All of my bitches got asses  
You know my name is massive  
You know my pockets are massive  
You know my real bitch massive  
Hanging with tigers and dragons  
You know we do this shit massive, yeah  
Young nigga stepping and flagging  
You know they bang with Apache, yeah

My chick enormous, my name enormous  
Step on a nigga and force him  
Fuck all informants  
I'm too important to hang with a pussy, yeah  
Diamonds enormous, can't get distorted  
It's gon' be murder reported  
I ball with my lil' bitch in Charlotte  
I make her feel like a hornet

Always be giving her compliments  
You know I tell her she gorgeous  
I put a fine on opps  
You know I'm giving them torments  
I like to go on them sprees  
I like to shop overseas  
Take me a trip to Belize  
And fuck up some hoes that you never seen  
Ain't no insurance, a loss is a loss  
Hop in the Urus and ride with a baller  
Ain't quick cap, you pissin' me off  
I take my white chits and bust 'em all down  
I take them P's and infuse 'em with fruit  
I tell the bitch I'm refusing to talk  
Let every ripple and wind shawty rock  
Never went Hollywood, I kept it street  
I leave a lil' nigga obsolete  
Lil' man have these mainstream rappers  
Finna go buy some Wagyu Cali  
Shawty wanna come in and ride my saddle  
Victorious, I'ma win all my battles  
Glorious, I'ma go thump my ratchet  
Ignore me, shawty got a fat-ass wagon  
Handsome, hoe be calling me that  
Mansion, that's where the baddest be at  
You trap, why'd you ask me that?  
Grab that scale, nigga, pad me that  
Can't rock or nothin', nigga hand me down  
On point, nigga, can't blame me though  
Bad bitches love to snap me down  
Take me home and wear me out  
They come drive these P's for me

Take 'em to the east for me  
Resolve it all, peacefully  
That nigga told my lady he gone  
Owe me money, I'm breaking bones

Exotic bitches in my Rolls, huh  
Better learn to play it real, huh  
South African gold on me  
The streets really got a hold on me  
Can't believe a nigga told on me

You know we do this shit massive  
All of my bitches got asses  
You know my name is massive  
You know my pockets are massive  
You know my ribs is massive  
Hanging with tigers and dragons  
You know we do this shit massive, yeah  
Young nigga steppin' and flaggin'  
You know they bang with Apache, yeah

My chick enormous, my name enormous  
Step on a nigga and force him  
Fuck all informants  
I'm too important to hang with a pussy, yeah  
Diamonds enormous, can't get distorted  
Bitch gon' be murder reported
