Shut the fuck up, let me handle this business  
Give me a Glock, watch me handle my business  
Give me a scale, watch me handle my business

I'ma get money as long as they print it  
I'm havin' scripts like a pharmacy dentist  
This shit on and these nigga gon' mimic  
Demon, I push it, you know I'm identical  
Glock 43 and these bitches identical  
Nigga ain't havin' they broke and they miserable  
Better soak in all the flavor I spit to you  
Stick on the drugs so this shit can get critical

I'm in the spot and I'm finna get to it  
Go catch a play, then I'ma make me some music  
If Big Money pull it, you know I'ma use it  
These nigga is funny, these nigga amuse me  
Just left from Neimans, I spilled a lil' thirty  
Exotic pop, I be makin' it dirty  
Just hit the grower, I told him to hurry  
Black out the Spurs and these nigga gon' scurry

Shop at your pussy, bitch, this shit electric  
I haven't certified stones in my necklace  
I'm havin' Salem weed, bitch, I'm connected  
I'm sippin' dirty, that muddy for breakfast  
Come get this shit and I ain't stickin' around  
Money and money, I'm floodin' my town  
Stackin' with me and I'm dickin' her down  
Binary trigger, I'm lovin' the sound

Bottega trainers, I'm finna train 'em  
Hundred pounds come in, it came on a trailer  
Know I'm not trickin', you know I ain't payin'  
Three different bitches, you know I'ma play it

Stupid-ass nigga, he ain't even weighed  
Took out the zip, you know how I play it  
Beat all the odds, I feel like I made it  
Run up my spot and that chopper gon' slay him

I gotta weigh this shit out, wait a minute  
I gotta go catch a play, wait a minute  
I gotta thug through this shit, wait a minute

Too many sides, we over the limit

Give me a Glock, watch me handle my business
