

I got too much swag know a lame can't dig it  
And my car so fast a bad hoe came with it  
I got so much cash Imma need you to fill bags just to hold my d  
igits  
I done seen my life flash if Imma do it then Imma put everythin  
g in it  
New coupe same color as the flash taking off and go vroom  
I was the same kid in the back of the class tryna be the class  
clown  
Now if you try to talk to me with no cash you look like a clown  
Crazy how all my teachers seen me turn my whole life all around

Ups and downs in my life rollercoaster  
When I strike leave him stuck like a holster  
Shoutout to Yacthy like uh  
Shoutout to Yacthy don't put no crushed ice in my soda  
Diamonds icy like the North Pole yeah  
Lil Uzi shrug I hit my shoulder  
Fat rocks in my wrist like a boulder  
White teeth I use crest shoutout bolder  
Foreign hoe saying Zay por favor  
Another one who just want all my amor  
Check the score city boys I want more  
Give em both one night next day on my door  
If you bout it put it all on the floor  
Too many bodies dropping all on the floor  
This ain't a hobby this is what I adore  
I got plenty money I just wanna make some more

And my car so fast a bad hoe came with it  
I got so much cash Imma need you to fill bags just to hold my d  
igits  
I done seen my life flash if Imma do it then Imma put everythin  
g in it
