

All is said, the devil ain't dead
We won't sleep till the beast is fed
Now you hope the devil don't know
It's written in blood to be written in gold
Can I go on?
All is said, the devil ain't dead
We won't sleep till the beast is fed
Can I go on?
You better hope that the devil don't know
It's written in blood to be written in gold

We on the left-hand path
We on the left-hand path
And we ain't never coming back
No, we ain't never going back
We on the left-hand path
We on the left-hand path
And we ain't never coming back
No, we ain't never going back

All is said, the devil ain't dead
We won't sleep till the beast is fed
Now you hope that the devil don't know
It's written in blood to be written in gold
