

## Golden Liar

Zeal & Ardor

If luck follows the wicked, I'm a lucky man  
If hope is for the true, then I'm hopeless, my friend

If I'm a sole survivor, I will be dead tomorrow  
(Yeah)  
'Cause I'm a golden liar, I give you smoke and fire  
(Yeah)

If love is for the big one, I'm a tiny man  
If light is for the brave, I'm in darkness, my friend  
If freedom gives you company, I'm a lonely man  
Is this what you call honesty, 'cause I'm lying, my friend

I am the golden liar, I give you smoke and fire  
'Cause if you hold me tighter, I'll give you both and neither  
(That's right)

I've waited thirteen years  
Just to be standing here  
(Come on)  
(It's gonna be over soon)

'Cause I'm a golden liar, I give you smoke and fire  
(Standing there)  
And if you hold me tighter, I'll give you both and neither  
(Any minute now)  
(He's the only one, come close)

Thirteen years I've been waiting here  
I feel my life is over  
Got no will to live  
Steady now, steady now

I am the golden liar, I give you smoke and fire  
Yeah, yeah  
'Cause if you hold me tighter, I'll give you both and neither  
Standing there
