

## Wake Of A Nation

Zeal & Ardor

We brought you up, we'll bring you down  
We're riling up  
We're riling up  
This American carcass beckons  
Don't fall asleep at the wake of a nation

The king is dead

Dies irae...

Beyond the shadow of a doubt again  
The king is dead  
Better look alive than disappear my friend  
Dies irae  
Now you're just one of a billion  
The king is dead  
Not worth the hassle but you can still pretend  
Dies irae

Gib uns die Gabe, gib uns deine Lorbeeren  
Gib uns die gäbe sofort  
The king is dead

And it seems we ain't playing anymore  
Pick it out, file your complaint at the door  
Don't you think we grow tame over time  
The king is dead, don't you get  
Dies irae

This American carcass beckons  
Don't fall asleep at the wake of a nation  
Dies irae

This American carcass beckons  
Don't fall asleep

Gib uns die Gabe, gib uns deine Lorbeeren  
Gib uns die gäbe sofort  
Gib uns die Gabe, gib uns deine Lorbeeren  
Gib uns die gäbe sofort  
The king is dead
