Zebrahead

Fuck love and fuck you  
Fuck love and fuck you

I remember when  
We used to be more than friends  
Well now that's over  
The long nights and bar fights  
The not being sober  
The cab rides and goodbyes  
The saying I told you

Okay I fucked up  
Got stressed out  
I said I hate you to death  
It's not you it's me  
A note left on my bed  
We break up, make up  
The dopamine in my head  
A picture perfect take off going  
Crash and burn like a jet

You're gonna miss me  
When I'm not around  
Is this a break up  
Cause I'm feeling down  
Is this the bottom  
It sure feels like it is  
Not really sure what I did but it hurts  
Being good never works  
You dragged my name through the dirt

I remember when I got that call from Tim  
Yeah he told me about you  
The man crush on Mondays  
The love yous and hey babes  
I think that I'm gonna be sick, fuck

Okay I fucked up  
Got stressed out  
I said I hate you to death  
It's not you it's me  
A note left on my bed  
We break up, make up  
The dopamine in my head  
A picture perfect take off going  
Crash and burn like a jet

You're gonna miss me  
When I'm not around  
Is this a break up  
Cause I'm feeling down  
Is this the bottom  
It sure feels like it is  
Not really sure what I did  
But it hurts  
Being good never works  
You dragged my name through the dirt

We break up, make up  
The dopamine in my head  
A picture perfect take off going  
Crash and burn like a jet

You're gonna miss me  
When I'm not around  
Is this a break up  
Cause I'm feeling down  
Is this the bottom  
It sure feels like it is  
Not really sure what I did but it hurts  
You're gonna miss me  
When I'm not around  
Is this a break up  
Cause I'm feeling down  
Is this the bottom  
It sure feels like it is  
Not really sure what I did but it hurts  
Being never works  
You dragged my name through the dirt

Fuck love you and fuck you  
Fuck love you and fuck you

I can't believe you tried to text me after all was said and done  
He left you for another girl on his friends list  
Believe in karma because it's real and I'm not the only one  
Who thinks you're stupid delusional and selfish  
Don't say sorry look who's crying now  
Who's crying now  
Look who's crying now  
Who's crying now  
Don't say sorry  
Look who's crying now
