

## Fire

Zed Yago

The day I lost my soul  
bleeding eyes on this road  
when I walk down this way  
and the fire comes down  
now is not the same like yesterday

I know it's long time ago  
bleeding eyes when I lost my soul  
I feel the fire  
fire was coming on my way

Now I'm out of control  
this golden flames walways take me higher  
now I'm out of control  
give's me the feeling of desire

I watched the sun go down  
and dark clouds passed my way  
the pain I felt inside  
was stronger than before  
now is not the same like yesterday  
not the same like yesterday

I know it's long time ago  
bleeding eyes when I lost my soul  
I feel the fire  
fire was coming on my way

Now I'm out of control  
this golden flames walways take me higher  
now I'm out of control  
give's me the feeling of desire  
Now I'm out of control  
this golden flames walways take me higher  
now I'm out of control  
give's me the feeling of desire
