

Addicted To A Memory

Zedd

We are, we are violent chemistry
Love has taken us as far as we can reach
But I can't leave
We are, we are, imagine ecstasy
Holding on to what we used to be
Addicted to a memory
Holding on to what we used to be
Addicted to a memory
Oh, memory

We are, we are in-love enemies
We are sentimental slaves on broken knees
We're on empty
We were, we were one identity
Now the trouble is remembering
Addicted to a memory
