

# Inside Out

Zedd

We stayed up all night  
Talking to each other, whispers under covers  
You told me your life  
Wasn't always easy, I said I know the feeling

I told you all about the scar on my shoulder  
And you told me you're terrified of getting older  
We stayed up all night  
The first night of a million more 'cause

I'm gonna love you, love you inside out  
I'm gonna love you, love you inside out  
Nothing you say is gonna scare me now  
Still gonna love you, love you inside out

I'm gonna love you, love you inside out  
I'm gonna love you, love you inside out  
Nothing you say is gonna scare me now  
Still gonna love you, love you inside out

Oh, oo-ooh, oo-ooh, oo-ooh, inside out

We laughed till we cried  
Made fun of each other, lost in one another  
You held me so tight  
And it felt like I was home, just the two of us alone

You said you don't wanna end up like your parents  
I said, "Don't you worry, I'm not gonna let us"  
We stayed up all night  
The first night of a million more 'cause

I'm gonna love you, love you inside out  
I'm gonna love you, love you inside out  
Nothing you say is gonna scare me now  
Still gonna love you, love you inside out

Oh  
Ooh, oo-ooh, oo-ooh, oo-ooh, inside out

So what do you say, babe?  
'Cause I wanna know  
Can I be there, babe  
Through your highs and lows? Yeah

When the lights come off and the night is done  
Everybody's left, can I be the one?  
If it's all I do, I'm gonna love you, love you  
Ooh, ooh, ooh, ooh  
Ooh-ooh, yeah  
Oh yeah  
I'm gonna love you babe, yeah  
I'm gonna love you babe

I'm gonna love you, love you inside out  
I'm gonna love you, love you inside out  
Nothing you say is gonna scare me now

Still gonna love you, love you inside out
