Zeds Dead

Ready  
Blazing, without the license  
Crazy, without the silence  
Wavy, without the pirates  
Gassed when I light it

Blazing, without the license  
Crazy, without the silence  
Wavy, without the pirates  
Gassed when I light it

I love when every 'ting turn up  
I'm blessed with the fire, ignited  
And if you ain't- I don't turn up  
You know I get gassed when I light-  
Gassed up, you know I get gassed  
You know I get gassed when I light it  
Alright, gassed up and so we get gassed  
I wanna see the fire ignited, yo

Gassed up and so we get gassed  
You know I get gassed when I light it, alright

Wanna see the fire ignited, alright

Gassed up you know we get, gassed up you know we get-

Gassed up and so we get gassed  
You know I get gassed when I light it, alright

Keep it mixing with the madness  
With no fucks given

Blazing, without the license  
Crazy, without the silence  
Wavy, without the pirates
