

Betrayal

Zeina

You tried to make me think I need you more than I do
And you said that you love me, but that's just not true and I
Know you feel I'm 'bout to leave so soon
And you do it all to keep me around just for you

I see it in your face
Your loyalty has changed
And the way you say my name
It's feelin' out of place
It's feelin' out of place

No, no, you never really cared about us
No, no, you just went way to deep with this cut
No, no, to think that you could be the one
But no, you won't
You never really care about us, no

You take me for granted
'Cause you know that when you're hurt
Your friends are not the ones to come to your door, but you
Use me, you use me, no more
'Cause when I'm down where the hell are you to pick up the phone?
You lie to me, lie to me, right?
And you're gettin' me low from my high
And I need to be selfish with my, my time

No, no, you never really cared about us
No, no, you just went way to deep with this cut
No, no, to think that you could be the one
But no, you won't
You never really care about us, no

You never really care about us, no
You never really care about us, no
You never really care about us
You never really care about us
