

# Fallin

Zeina

I'm always on road  
Set the gps couple cities in a row  
You on the southside, I'm on the northside  
Hangin on to our last joyride ouhhh

I was whippin whippin the mazda, on the highway  
Spendin hours behind the wheel to get to your state  
Then I come for a night then I go  
Cause I gotta  
And I don't wanna leave you alone

Cause I'm fallin fallin for you but you're not from the ville  
Fallin fallin for you but you not from the city  
I'm fallin fallin for you but you're not from the ville  
Fallin Fallin for your but you're not from the city

I'm fallin fallin fallin fallin fallin  
But you're not from the ville  
Fallin fallin fallin fallin fallin but you not from the city  
I'm fallin fallin fallin fallin fallin  
But you're not from the ville  
Fallin fallin fallin fallin fallin but you not from the city  
I'm fallin

Why you so far  
You got me daydreamin, so far  
You got me feenin  
Hit my line from where you are  
Cause I need it  
Make me forget that we're apart  
Cause I feel it  
You got my legs gettin weaker  
Got me thinkin how you're smooth like a beamer  
Let me be the designated rider  
Let me be the designated rider

Cause I'm fallin fallin for you but you're not from the ville  
Fallin fallin for you but you not from the city  
I'm fallin fallin for you but you're not from the ville  
Fallin Fallin for your but you're not from the city

I'm fallin fallin fallin fallin fallin  
But you're not from the ville  
Fallin fallin fallin fallin fallin but you not from the city  
I'm fallin fallin fallin fallin fallin  
But you're not from the ville  
Fallin fallin fallin fallin fallin but you not from the city  
I'm fallin
