

# Hot

Zeina

You keep takin' me higher  
Fulfill my desire  
The temperature fire  
And it's hot, hot, hot, hot  
You keep takin' me higher  
Fulfill my desire  
You turn on the pressure  
And I can't breathe (Hot, hot, hot, hot)

Yeah, I need that, uh, give me distress  
Run a couple rounds, no recess  
Oh, my body talk with an accent (Yeah, yeah)  
Viens me voir à l'adresse (Okay)  
No sleep (No sleep)  
Baby, baby, don't leave (Don't leave)  
Undercover, lil' freak (Lil' freak)  
Lights on you could see  
Let me be your fantasy (Yeah)  
Give you somethin' to believe (Yeah)  
I put this on for you to see  
Now take it all up off of me

DND just for the weekend  
In our zone and in our feelings  
We keep tryin' new positions  
Touchin' on my body  
You don't need no help to find it

You keep takin' me higher (Higher)  
Fulfill my desire (Desire)  
The temperature fire (Fire)  
And it's hot, hot, hot, hot  
You keep takin' me higher (Higher)  
Fulfill my desire (Desire)  
You turn on the pressure (Pressure)  
And I can't breathe (Hot, hot, hot, hot)

Baby, take me under  
What we do it don't leave the room  
And I feel this energy  
When I, when I, when I touch you (When I touch you)  
Baby, love me harder  
I'll never get enough of you  
So just put it on me  
Way I, way I, way I showed you

DND just for the weekend
