

# Killer

Zeina

Oh no, oh no, yeah we running outta time  
Oh no, oh no

I don't think we're gonna make it  
What we have is poison, what we have is damaging  
I don't know why I can't help it  
Why I'm so addicted  
Knowing this'll kill me, yeah  
But I don't wanna see you elsewhere  
In another bed  
Holding someone else's hand  
Our love is impulsive, our love is disgusting  
But we fucking like it, yeah

There's a killer in my room  
And it's not me and it's not you (oh no, oh no)  
There's a killer in my room (oh, we running outta time)  
He's what we have in between us (oh, we running outta time)  
He's what we have in between us

He's what we have in between us (oh no, oh no)  
He's what we have in between (oh no, oh no)  
He's what we have in between us (we running outta time)  
He's what we have in between us (Oh no, oh no, yeah we running outta time)

Nobody's wrong, nobody's right  
We keep on sleeping it off till we be alright  
We keep on piling it on and crossing the line  
We keep on breaking our hearts and saying it's fine  
We keep doing this every time  
We keep on forgetting not fixing the fight  
We're so far gone  
We're so far gone  
We keep doing this every time  
We keep on forgetting how to fix the fight  
We're so far gone  
We're so far gone

There's a killer in my room  
And it's not me and it's not you (oh no, oh no)  
There's a killer in my room (oh, we running outta time)  
He's what we have in between us (oh, we running outta time)  
He's what we have in between (oh no, oh no)

There's a killer in my room  
And it's not me and it's not you  
He's what's in between us  
It's what's in between  
It's what's between us  
It's what's between us  
It's what's between us

Oh no, oh, no, oh we're running out of time  
Oh no, oh, no, oh we're running out of time

Oh no  
Oh no, we're running out of time
