

Problematic

Zeina

I like when you touch me, take me, make me act so problematic
I like when you fight me, bite me, make up like a toxic habit
I la-la-la-la-la like it (I like it), I like it so problematic
I la-la-la-la-la like it (I like it), I like it so problematic

Blowin' up my line like twenty times, every call I ignore, yeah
I wanna start a fight, just to love all night and take it to the floor

I like it when you're jealous, actin' shameless, oui, oui, j'adore

Teach me a lesson, 'cause I've been bad for sure

Push your buttons so you, you can undo mine

Switch positions, baby, hate me through the night

I like when you touch me, take me, make me act so problematic
I like when you fight me, bite me, make up like a toxic habit
I la-la-la-la-la like it (I like it), I like it so problematic
I la-la-la-la-la like it (I like it), I like it so problematic

I'm chaotic but you can't let go of me

Psychotic, give me your passcode, baby

And if I throw a little sub, you gon' call me

But, baby, I'm busy at the club with my girllies

And you say I'm toxic but you like that

C'est chaud comme les tropiques quand on se fâche

Tu m'as dit que c'est le temps d'me taire

Et moi j't'ai dit: "Aller, brûle en enfer" (Ouais, ouais)

Push your buttons so you, you can undo mine

Switch positions, baby, hate me through the night

I like when you touch me, take me, make me act so problematic
I like when you fight me, bite me, make up like a toxic habit
I la-la-la-la-la like it (I like it), I like it so problematic
I la-la-la-la-la like it (I like it), I like it so problematic
