

Nobody To Love

Zella Day

Running, running through my head
Cause I got too much time on my hands
Running, running through my head
Cause I got too much time on my hands

Lose it
Take me and let's go
Save me from myself
Don't know how I'm gonna spinning lights

Nobody to love
Nobody to love
Nobody to dream about
Nobody to love
Nobody to love
Nobody to share and care about
Nobody to love

Running, running through my head
Cause I got too much time on my hands
Replay, replay what you said
And got myself again

Lose it
Take me and let's go
Save me from myself
Don't know how I'm gonna spinning lights

Nobody to love
Nobody to love
Nobody to bring me down
Nobody to love
Nobody to love
Nobody to love the cry about
Nobody to love

Nobody to love
Nobody to love
Nobody to dream about
Nobody to love

Nobody to love
Nobody to love
Nobody to scream about
Nobody to love

Nobody to love
Nobody to love
Nobody to love the cry about
Nobody to love
