

Daimon

Zemial

A thousand years shall come to pass,
Yet this daemon I'll never forget
Through riddles, burning embers and whispering leaves,
He made his shadowed presence known to me

Why? I questioned him knowing well,
Has Hypnos sent you to me?
For I awoke and broke the spell that binds mortality to
me?

Vanish now! Vanish now! Vanish now!

DAIMON!

How long must I endure?

I seek for answers yet none do I get.

I seek through riddles, burning embers and whispering
leaves

This time a shadow in the mirror comes for me!

EK THE NYKTOZ THN XAPHN

RENNHOHKEZ EN MEAINA RH

Grant me your power and fiery might

Crown me a daemon, the son of the night!
