

Not Too Young

Zendaya

(You got me dizzy with this feelin') ohh

I'm not to young to feel this way
Eh eh eheh, eh eh eheh, eh eh eheh
I'm not to young to feel this way
Eh eh eheh, eh eh eheh

Girl you g-g-g-got me dizzy with the spinnin'
Odder than I'm even
Girl you got me reeling, eh eh eh
They can try to stop it, sweat me like the tropics
You're my favorite topic, eh eh eh eh

And I'm sure, they think I'm young
They think that I, can't be serious
But I know, that who I am, you'd understand
Girl aren't you curious, yeah

I'm not to young to feel this way
Eh eh eheh, eh eh eheh, eh eh eheh
I'm not to young to feel this way
Eh eh eheh, eh eh eheh, eh eh eh

Life is like a circus, searching for a purpose
You and I are perfect to eh eh eh
Flip me like a quarter, I'll cross any border
Walk over the water to make your day

And I'm sure, you've heard it before
So words can bore, without any action, action
And I'm here to open the door
Show you that I'm more than only attraction

I'm not to young to feel this way
Eh eh eheh, eh eh eheh, eh eh eheh
(Believe me when I say it baby)
I'm not to young to feel this way
Eh eh eheh, eh eh eheh, eh eh eh

They say age is just a number but
I bet I make you under baby
Give me your number lady
I'll call you later maybe
You laugh and call me crazy
But that don't even faze me
Hey, what, why you walk away
Baby wait up, try another way 'till you stay stuck
Just forget the age and engage trust
Turn another page 'till the pase up
Luck is what I make and I make bucks
I don't want to praise you the fake stuff
All I want is us, yeah, I might be young
But I'm old enough

I'm not to young to feel this way
Eh eh eheh, eh eh eheh, eh eh eheh
(Believe me when I say it baby)

I'm not too young to feel this way
Eh eh eheh, eh eh eheh, eh eh eh
(Not too young, oh yeah)

I'm not too young to feel this way
Eh eh eheh, eh eh eheh, eh eh eheh
(Believe me when I tell you baby)
I'm not too young to feel this way
Eh eh eheh, eh eh eheh, eh eh eh
(They say age is just a number baby, I'm not too young)
