

# Our Generation

Zendaya

Rock, rock it, we rock, ro-rock, rock it  
Rock, rock it, we rock, ro-rock, rock it  
Rock, rock it, we rock, ro-rock, rock it  
Rock, rock it, we rock, ro-rock, rock it

Get it right, time to shine  
Got to step up 'cause it's our night  
Got the cheers 'cause we're here  
Starting a new page with no more fears, yeah

We can make a change  
It's our generation (our generation)  
Nothing's in our way, it's our generation, yeah  
You got to start with you and nobody else  
You gotta raise your voice, say what you feel  
The time is in our hands, it's our generation (our generation, generation)

Rock, rock it, we rock, ro-rock, rock it  
Rock, rock it, we rock, ro-rock, rock it  
Rock, rock it, we rock, ro-rock, rock it  
Rock, rock it, we rock, ro-rock, rock it

Share it loud through the crowd  
Together, we got this, right here, right now  
'Cause it's ours on our own  
We found a connection that feels like home, yeah

We can make a change  
It's our generation (our generation)  
Nothing's in our way, it's our generation, yeah  
You got to start with you and nobody else  
You gotta raise your voice, say what you feel  
The time is in our hands, it's our generation (our generation, generation)

You come and dance on, you can run the show  
You give me loving, don't stop 'cause you're ready to go  
Just let the underdogs watch as we're taking control  
We can rock, rock, rock it, rock, rock, rock it  
When we can

We can make a change  
It's our generation (our generation)  
Nothing's in our way, it's our generation, yeah  
You got to start with you and nobody else  
You gotta raise your voice, say what you feel  
The time is in our hands, it's our generation (our generation, generation)

We can make a change  
It's our generation (our generation)  
Nothing's in our way, it's our generation, yeah  
You got to start with you and nobody else  
You gotta raise your voice, say what you feel  
The time is in our hands, it's our generation (our generation, generation)

Rock, rock it, we rock, ro-rock, rock it  
Rock, rock it, we rock, ro-rock, rock it  
Rock, rock it, we rock, ro-rock, rock it

Rock, rock it, we rock, ro-rock, rock it  
Whoa, whoa, whoa, it's our generation
