

Roll The Dice

Zendaya

Yeah, come on and flip the coin
And now it is your choice, that's right
Gotta roll the dice

High risk, you're getting high stakes
And now it's up to you
How much you wanna spend
Nothing sudden, nothing is for sure
But life is too short to play it safe, my friend
Don't hesitate if you know it's right
And it's worth the fight, oh, oh, oh, oh
Don't stop, kick it up a notch
And when the music drops
It's your time to shine

Roll the dice
Take a chance in life
Just roll the dice
This will be your time
So roll the dice
And nothing's gonna stop you now
No, no, oh, oh
Roll the dice
Take a chance in life
Just roll the dice
This will be your time
So roll the dice
And nothing's gonna stop you now
No, no, oh, oh

Gamble, you're a gambler
And if you see that, you will have no fear
Go all in, get to know your cards
Play it strong and hard
Let 'em know we're here

Don't hesitate if you know it's right
And it's worth the fight, oh, oh, oh, oh
Don't stop, kick it up a notch
And when the music drops
It's your time to shine

Roll the dice
Take a chance in life
Just roll the dice
This will be your time
So roll the dice
And nothing's gonna stop you now
No, no, oh, oh
Roll the dice
Take a chance in life
Just roll the dice
This will be your time
So roll the dice
And nothing's gonna stop you now
No, no, oh, oh

Right here and now, it's going down
Don't let this moment pass you
Can't let it fold, you gotta roll

Roll the dice
Take a chance in life
Just roll the dice
This will be your time
So roll the dice
And nothing's gonna stop you now
No, no, oh, oh
Roll the dice
Take a chance in life
Just roll the dice
This will be your time
So roll the dice
And nothing's gonna stop you now
No, no, oh, oh

Yeah, come on and flip the coin
And now it is your choice, that's right
Gotta roll the dice
