

# We Right Here

Zendaya

Hey, see it's been a while  
Since all these people done seen me battle (hey)  
And they cramp my style  
'Cause I'm so out there  
Haters in my shadows (hey)  
You can talk that mess  
But I know, right now  
I'm on to somethin' (hey)  
Shorty, I'm the best  
And the copycats ain't bringin' nothin'

Keep tryna hold me  
They keep tryna hold me down  
But they're way off, way off, hey  
Actin' like you know me  
Talk behind my back and clown  
Hey, ay, ay, oh

Oh, come on down, and meet me on the floor  
You can try to stop us  
But we're still here like we were before  
'Cause we ain't budgin'  
No, we ain't goin' nowhere  
We right here (right here)

Oh, come on down, and meet me on the floor  
You can try to stop us (stop us)  
But we're still here like we were before  
'Cause we ain't budgin'  
No, we ain't goin' nowhere  
We right here (right here)

Hey, if you take one look  
You can tell what I got  
Right here is talent (hey)  
I'ma have you smashed  
Tryna act real tough  
But your hopes are shallow (hey)  
I can take the stage  
Any time of day without a notice (hey)  
Then you said to me  
"I'll break you down"  
What you need is focus

Keep tryna hold me  
They keep tryna hold me down  
But they're way off, way off, oh  
Actin' like you know me  
Talk behind my back and clown  
Hey, ay, ay, oh

Oh, come on down, and meet me on the floor  
You can try to stop us (stop us)  
But we're still here like we were before  
'Cause we ain't budgin'  
No, we ain't goin' nowhere  
We right here

Oh, come on down, and meet me on the floor  
You can try to stop us  
But we're still here like we were before  
'Cause we ain't budgin'  
No, we ain't goin' nowhere (goin')  
We right here (we right here)

Can you rock like that?  
Can you rock like that? Oh  
You don't rock like that  
But I rock like that, oh  
Can you rock like that?  
Can you rock like that? (Like that?)  
You don't rock like that  
But, I rock like that

Yo, I might be a white boy  
But I make a lotta loud noise  
When I meet you on the floor  
Girl, you get moist  
All these haters wanna bounce, dance, dance  
If you tryna split you should do it  
Before you lose your chance  
'Cause I got more game to play  
So if you really wanna come, step my way  
Stay out of my way  
Stay out of my way  
Step-step-step my way

Oh, come on down, and meet me on the floor  
You can try to stop us (stop us)  
But we're still here like we were before  
'Cause we ain't budgin'  
No, we ain't goin' nowhere  
We right here (right here)

You can try to stop us (oh)
