

New Madonna

Zeromancer

I see you out on the dancefloor shaking around
I see you out on an empty beach
I see you walking a one way street
It's the same as always

A star
Maybe you are
A star
Maybe you are
A new Madonna

In a way I can hear myself say
What is it worth
I say we meet on the last place on earth
It's insane
As always

Maybe you are
A star
Maybe you are
A new Madonna

Is this the only way
You make it like a new Madonna.
