

By Your Side

Zhané

I'll be by your side whenever you need me
I'll be by your side whenever you call my name

I saw you there, you were standing all alone
But you didn't know that I'd become wither so soon to take you home

I'll be by your side whenever you need me
I'll be by your side whenever you call my name

You thought I walked out, you thought that I walked out of your life
It isn't easy to forget someone like you, it's gonna be alright

Dry your eyes, baby, don't you cry, open wide
Open your heart to me, let me see what is in your mind
Now, baby, try, you know what you mean to me

I'll be by your side whenever you need me
I'll be by your side whenever you call my name
